

WAVE 98.3

VANCOUVER'S COOLEST VIBE

Media Kit 2024

WAVE 98.3 FM was acquired in July 2021 by Durham Radio Inc., an independent Canadian owned and operated broadcaster with more than 25 years of radio ownership.

A station offering a cool new adult contemporary format unique to the market, one that attracts an extremely loyal, discerning, affluent and active audience.

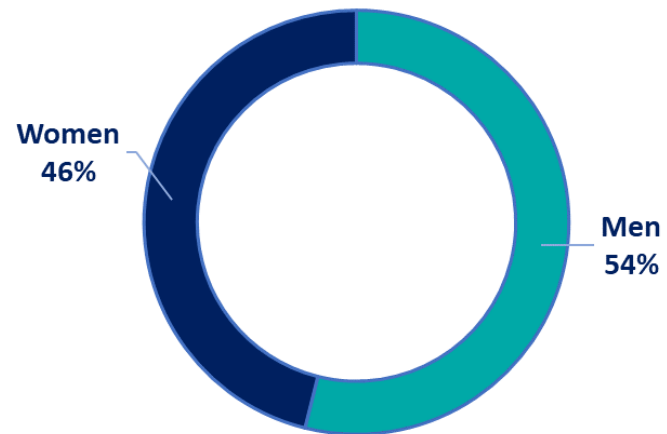

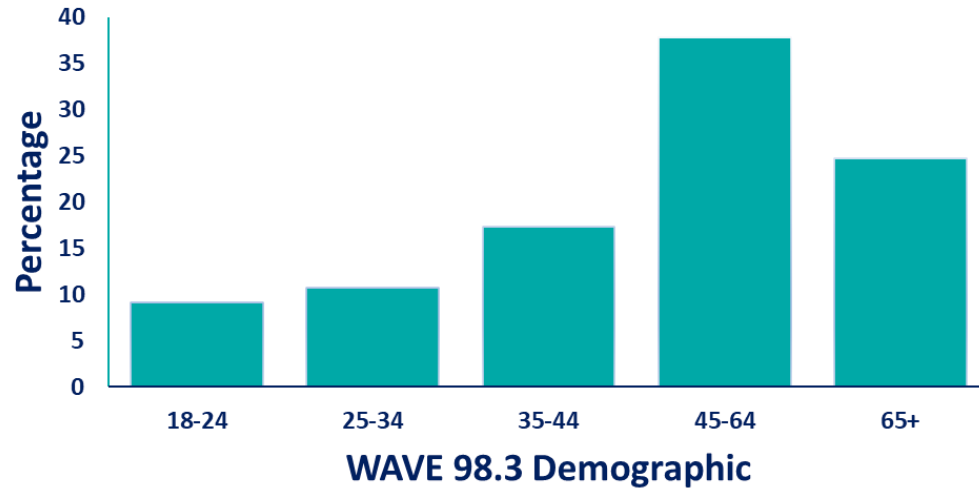

A station serving Vancouver, uniquely combining a rhythmic smooth groove with a mix of contemporary and classic hits, presented by the best on-air line-up in the city.

The Best On-air Talent in the City!

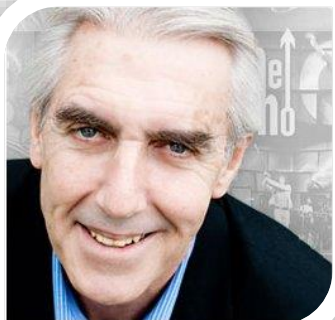

Tara Jean in the Morning – 5:30-10am

For more than two decades, Tara Jean Stevens has been a part of Vancouver's radio, television and theatre scene. Known for her number one show on JACK FM, she's also been a past host of Breakfast Television. Engaging at every level TJ is Vancouver's preeminent radio host

Vickie van Dyke – Middays – 10am-2pm

Vickie's "Cool Vibe" radio career spans more than two decades. She has recently published a memoir, writes a blog and engages in spirited podcast dialogue on "Talking Relationships!" She began her career as an actor and singer songwriter; she's released two full albums!

Stirling Faux – Afternoons – 2pm-6pm

A 5-decade career on stations like CFOX, CFMI, CKNW, CKLG and CISL has made Stirling Faux a Vancouver radio legend. Couple that with his experience in television and podcasting and you have one of Canada's most experienced broadcasters.

Gary James – Evenings/Weekends - 6pm-mid

Gary James has been on the radio for more than 30 years. To say he has a love of all thing's music would be an understatement. Out of the studio, Gary likes to cycle, read biographies and enjoy daily walks with his wife and rescue dogs.

Rob 'Dyno' Daniels – Weekends - 10am-4pm

Dyno's 30-year radio career began in high school in Victoria. Rob moved to Vancouver in 1990 and has been on the air with CFOX, ROCK 101 and 97 KISS FM. When he's not on the air Rob loves to explore local festivals, outdoor markets and other nooks and crannies in the lower mainland.
